DEGREE PROGRAMS

City Vision University offers an associate's and a bachelor's in Business and Christian Ministry & Leadership; bachelor's in Addiction Studies, Nonprofit Management, and Missions; and a master's in Technology & Social Entrepreneurship.

Addiction Studies Program: equips Christian workers to work effectively with alcoholics, drug addicts and their family members. City Vision University is an Approved Academic Education Provider for NAADAC, the national association for addiction professionals. Business Program: prepares students for jobs in mid-level management in either business or nonprofit settings, as well as jobs in accounting or office administration. It also provides entrepreneurship training that could be used to start a business. This program provides either an Associate of Science or a Bachelor of Science in Business Administration.

Nonprofit Management Program: prepares individuals to manage the business affairs of non-profit organizations and ministries. This program provides a Bachelor of Science in Nonprofit Management.
